2.	<p><u>Applied Learning Programme (ALP): Tinkering Thursdays @FGPS</u></p> <p>Our 8th and final Tinkering@Recess activity is taking place on Thursday of Term 4, Week 7 (30 October 2025), during recess at the Sheltered Basketball Court (SBC).</p> <p>Tinkering is all about using unstructured time for students to Explore and Invent. Students will get to engage in hands-on experiences and learn from failures through specially curated activities.</p> <p>Through these engaging, hands-on activities, we aim to:</p> <ul style="list-style-type: none">• introduce students to STEM (Science, Technology, Engineering and Mathematics);• develop critical, inventive, and adaptive thinking skills (E21CC);• foster innovation and problem-solving abilities; and• empower students to design and build using everyday materials. <p>The upcoming activities are:</p> <ul style="list-style-type: none">• P1 to P3: Paper Cup Animation• P4 to P6: Yarn Cup <p>Please encourage your child to visit the SBC during recess that day to participate in the above hands-on activities and create their very own prototypes that they can bring home!</p> <p>As this marks the final Tinkering@Recess session for the year, we would like to extend our heartfelt thanks to all parents for reminding and encouraging your children to attend the sessions, and to all students for their enthusiasm and participation throughout the programme.</p> <p>Thank you for supporting our students in becoming Resilient Innovators through exploration and invention.</p> <p>Back to Top</p>
3.	<p><u>Reminder: P2 Applied Learning Programme (ALP) – Makers Education Programme (Extension Activity via Student Learning Space [SLS])</u></p> <p>This is a gentle reminder about the ALP extension activity, “Frame It, Say It, Believe It! (Motivation in a Frame)”, which was shared earlier via SLS and Parents Notification in T4W4.</p> <p>Students are encouraged to complete their second photo frame at home — this time as a thoughtful gift featuring an inspirational quote to motivate their family members. Essential materials have been provided, and students can refer to the SLS package for step-by-step instructions and the Padlet link to upload their completed work. Students have until 13 November 2025 (Thursday) to complete and share their creative work.</p> <p>We hope this hands-on task becomes a meaningful bonding activity for families as students express care and encouragement through their creations.</p> <p>Thank you, parents, for your continued support reminding your child to carry out the activity at home and in guiding them in becoming Resilient Innovators.</p> <p>Back to Top</p>

4. **For Nomination: President's Award for Teachers (PAT) and Outstanding Youth in Education Award (OYEA) 2026**

Every year, the **President's Award for Teachers (PAT)** and the **Outstanding Youth in Education Award (OYEA)** are given out to teachers in Singapore to recognise their professional excellence. Both PAT and OYEA are national awards.

PAT pays tribute to experienced teachers for their role in moulding the future of our nation. These teachers are role models for the teaching profession as they embody a deep passion for teaching, and they inspire both their students and peers through their words and deeds.

OYEA recognises young teachers who have shown admirable passion for teaching, and commitment to inspiring and nurturing their students. These teachers embody youthful idealism, energy and enthusiasm, and inspire both their students and peers through their words and deeds. Teachers who are 35 years old and below in 2026 are eligible for the award.

Nominations for PAT 2026 and OYEA 2026 will **open on 21 October 2025 (Tuesday)** and will **close on 9 January 2026 (Friday)**.

We would like to invite you and your child to submit your nomination(s) for one or more deserving teacher(s) by clicking on the URLs or scanning the QR codes below. Your nomination(s) will be a source of encouragement for the teacher(s).
