# • P1 & P2 Assessment on Attainment of Subject-Specific Learning Outcomes

Non-weighted Class-Level Assessments (CLAs) will be conducted during lesson time to inform students, teachers and parents of students' learning progress. P1 & P2 Subject Teachers will be reporting on students' attainment levels of the subject-specific Learning Outcomes.

To give parents a better idea of what will be assessed for the same Learning Outcome (LO) across the school terms, we have unpacked the subject-specific LOs by the term below for your reference:

Please also note the following **rules and regulations** for all weighted assessments:

- Students who are absent during the assessment must produce a <u>valid medical certificate</u> for the day. These students' marks will be pro-rated accordingly. **No marks will be given** for the paper if students are absent without a valid medical certificate.
- 2. Students who have registered a temperature at or above the trigger temperature, are ill/unwell or are covered by medical certificates on the day of the assessment will not be allowed to sit for it.
- 3. Latecomers will not be given additional time. Latecomers who miss the paper entirely **will not be allowed** to sit for the paper and **no marks will be awarded to them**.
- 4. There will be no make-up papers (except for Oral Assessments) for students who are absent on assessment days.
- 5. In line with PSLE guidelines, students are not allowed to bring mobile phones or any other electronic devices capable of storing and displaying visual or verbal information into the examination room as this will be construed as attempting to cheat.
- 6. Students who attempt to cheat during an assessment **will not be awarded any marks** for the paper.

# 3. Grow Well SG: The Health Plan Journey

The Ministry of Health (MOH), Ministry of Education (MOE), and Ministry of Social and Family Development (MSF) have come together to launch Grow Well SG, a national initiative focused on promoting health and preventive care among children and adolescents. This joint strategy takes a comprehensive approach to support the overall wellbeing of young people, especially in today's digital world.

Although most children in Singapore are generally healthy, they face health risks from sedentary lifestyles with excessive screen time, insufficient physical activity, poor nutrition and inadequate sleep. Tackling these issues early can lower the chances of health and developmental problems, while helping children build lasting habits for a healthier future.

Grow Well SG empowers families, with support from preschools and schools, healthcare institutions and the community, to build healthy habits in children which can continue through to adulthood, bringing long-term health benefits. It emphasises early intervention in four key areas:

- 1) **Eat Well** Fuel for growth and learning. Good nutrition can support growth and enhance overall health and development.
- 2) **Sleep Well** Rest for success. Healthy sleeping routines can improve concentration, mood and physical development.
- 3) **Learn Well** Engage in diverse learning experiences for holistic development. Excessive screen use and unrestricted access to digital technology may hinder our children's learning and affect their mental well-being.
- 4) **Exercise Well** Active bodies, active minds. Regular physical activity can strengthen bodies, sharpen minds and boost self-esteem.

The initiative will help our children develop good health through three initiatives:

- 1) Purposeful screen use
- 2) A Health Plan for every child; and
- 3) Enhanced support for schools.

### **How is School Supporting our Students**

School will reinforce health habits and encourage our students to try out recommended lifestyle changes in the health plan via our curriculum [i.e. PE, CCE (FTGP) and CCE (MTL)], programmes

# How Parents can Support Your Child at Home

Parents play a key role in nurturing students' wellbeing at home. To support your journey, Grow Well SG provides resources for both parents and students. Parents may access this link: <a href="https://drive.google.com/file/d/1jqh7XGvNCYUHiV1x">https://drive.google.com/file/d/1jqh7XGvNCYUHiV1x</a> pcDbxAlYYVKdl L/view?usp=drive link to acquire an overview of the resources. For P1 to P3 students, they have also received their Health Plan Booklet, together with a tote bag containing the following resources from their Form Teachers, to try out the Home Challenges together with parents:

To find out more about the Grow Well SG initiative, parents may access Parent Hub: Grow Well SG.

We look forward to your positive partnership in laying the foundation for healthy habits early and paving the way for a better future for our FGians.
